

## Supplier's Declaration Directive 2013/59/Euratom

Stäubli Electrical Connectors (hereinafter referred to as "STÄUBLI") is aware of the Directive 2013/59/Euratom laying down basic safety standards for protection against the dangers arising from exposure to ionising radiation. STÄUBLI has every intention to contribute to the continuing process for obtaining a cleaner and healthier environment. We are continuously improving our products and processes.

We declare that our products do not contain any materials which would lead to an exposure to ionizing radiation above the thresholds described in the Euroatom Directive.

The information contained in this statement is based on our knowledge and belief as of the date of this statement. We base our knowledge and belief on information provided to us by third parties (suppliers of raw materials or components) and make no representations or warranties as to its accuracy and assume no liability for the consequences of its use. We have taken and will continue to take reasonable steps to provide representative and accurate information. This document will be updated when the requirements or information change in a way altering the content of this statement.
