

## Resolution MEPC.379(80)

The International Maritime Organization (IMO) published the [2023 Guidelines for the Development of the Inventory of Hazardous Materials \(Resolution MEPC.379\(80\)\)](#) to provide recommendations for developing the Inventory of Hazardous Materials to assist compliance with regulation 5 of the Hong Kong International Convention for the Safe and Environmentally Sound Recycling of Ships, 2009.

The conformity of part I (Materials contained in ship structure or equipment) of the Inventory at the design and construction stage should be ascertained by reference to the collected Supplier's Declaration of Conformity described in section 7 and the related Material Declarations collected from suppliers.

According to Art. 5 of the [Regulation \(EU\) No. 1257/2013 on ship recycling](#) the inventory of hazardous materials shall be compiled taking into account the relevant IMO guidelines (e.g. Resolution MEPC.379(80)).
